

Abdelrahman Alnaggar

Data Analyst

Alexandria, Egypt | +201069218392 | abdelrahmanallnn@gmail.com |
www.linkedin.com/in/abdelrahman-alnaggar-44r4 | <https://bit.ly/abdelrahman-Portfolio>

Summary:

Detail-oriented Data Analyst with hands-on experience in analyzing and visualizing data to drive business insights. Skilled in Python, SQL, Excel, and Power BI, with a strong focus on data cleaning, modeling, and dashboard development. Designed interactive dashboards that improved reporting efficiency and supported strategic decision-making. Highly motivated to apply data analytics and statistical methods to real-world business problems.

Education:

- Egyptian Institute Of Alexandria Academy For Management and Accounting** Sep 2023 - Jun 2027
Bachelor of Business Information Systems (BIS)
Grade: Excellent (93%)

Experience:

Data Analyst Specialist Program | Digital Egypt Pioneers Initiative (DEPI) Nov 2025 – Present

- Utilized Python and SQL to prepare and clean data for analysis, enhancing data quality.
- Created impactful visualizations and dashboards using Tableau and Power BI for data-driven decision-making.
- Developed skills in data governance to ensure data quality, security, and compliance.

Artificial Intelligence for Business | National Telecommunication Institute (NTI) Aug2025 – Sep 2025

- Completed hands-on training in machine learning, deep learning, and AI applications in business.
- Developed and deployed supervised learning models using Python, Scikit-learn, and TensorFlow.
- Applied data preprocessing, feature engineering, and model evaluation techniques in end-to-end pipelines.
- Built and evaluated a Random Forest model for flight ticket price prediction with strong performance ($R^2 = 0.85$, MAPE = 1.5%).

AICE Programme | ALX Africa Sep 2024 – Nov 2024

- helped me understand and utilize AI tools to enhance productivity and problem-solving.
- I've developed critical soft skills, including communication, teamwork, and leadership.
- This training has significantly boosted my confidence in presenting myself professional.

Projects:

Flight Ticket Price Prediction Model: [\[View Project\]](#)

- Built a Random Forest regression model to predict flight prices based on airline, route, and travel timing.
- Performed extensive data preprocessing and feature engineering, including encoding categorical variables to improve model generalization.
- Achieved strong predictive performance with Test $R^2 = 0.85$ and MAPE = 1.5%, demonstrating reliability for market forecasting.

Prestige Cars Sales Performance Analysis: [\[View Project\]](#)

- Built a fully interactive sales dashboard using Plotly and Excel to analyze and visualize luxury car sales performance.
- Performed comprehensive data cleaning and preprocessing on raw sales data using Python to ensure data integrity and accuracy for analysis.
- Analyzed \$25.2M in total revenue, uncovering actionable business insights regarding top global markets, brand profitability, and seasonal trends.

RetailNova Sales Dashboard: [\[View Project\]](#)

- Built a dynamic and interactive sales dashboard to monitor retail performance across multiple regions and product categories from 2022 to 2025.
- Processed and analyzed large-scale sales data, tracking key business metrics including \$109.8M in total revenue, \$9.3M in profit, and over 31K total orders.
- Extracted actionable insights regarding top-performing products, sales representative efficiency, and category contributions (with Bikes driving 86% of revenue) to empower data-driven decisions

Skills:

- **Data Analysis & Visualization:** Excel, Power BI, Tableau, SQL, Pivot Tables , Power Pivot , Power Query
- **Programming & Databases:** Python (Pandas, NumPy, Matplotlib), SQL (Microsoft SQL Server, Queries, Data Warehousing)
- **Machine Learning & Statistics:** Supervised Machine Learning, Statistical Analysis
- **Soft Skills:** Problem-Solving, Teamwork, Attention to Detail, Time Management, Communication Skills

Certification:

- Deep Learning Fundamentals, NVIDIA
- ALX AICE – AI Career Essentials
